

Level 1 - Exhibit Halls

The exhibit hall level encompasses nearly 200,000 square feet of contiguous exhibit space that can be divided into three separate halls. Each hall has its own entrances, ticket offices, and coat check in addition to drive-onto-floor access and connections for electric, telecommunications, air, water, gas, and drainage. Loading docks are also located on Level 1 (11 high bays and 6 low bays).

* The above floor plan & capacities below are for general use and should not be used to plan your event layouts. Please contact your Event Manager at (513) 419-7300 to complete your official Duke Energy Convention Center diagrams.

Space	Square Footage	Ceiling (High)	Ceiling (Low)	10' X 10' Booths	Theater	Load-in Doors
Hall A	92,350	36'	20'	448	7,000	22'w X 18'h
Hall B	60,190	36'	20'	292	4,200	18'w X 16'h
Hall C	42,780	36'	20'	213	3,800	23'w X 20'h
Combined	195,320	36'	20'	953	15,000	Variable
